

QUICKFLEX™ INSTALLATION SYSTEM

Simply the Fastest & Most Flexible
Poster Panel installation system available
Install a graphic in less than 5 minutes

FORMETCO

POWERED BY **AdTech**

TRUE FLEXIBILITY

This is a truly universal system designed to work with all Standard Poster Panels

- Maintains the Outdoor Industry Standard copy area of 10'5 x 22'8
- Offers an easy transition between Paper, Vinyl and Lightweight Flex posters
- Works if your vinyl is pocketed, non-pocketed, over or undersized
- Nothing will interfere with posting or scraping paper
- QuickFlex™ kits are available for all trim types

Our unique clip design
is both durable and
functional

NO FINISHING

- Every printer you work with is equipped and ready to produce graphics for the QuickFlex™ system
- Requires no pockets or edge finishing, the graphic is simply cut to size
- Posting requires Only One Installer, offering outstanding labor savings
