ULTRALIGHT FULL BODY HARNESS

Description

Formetco Full Body Harnesses' distribute fall arrest forces across the shoulders, upper thighs, chest, and pelvis.

The webbing color facilitates remote recognition and its contrasting stitching color makes inspection easy for the user. The materials used offer the user maximum comfort, mobility and safety. The harness should be selected according to the requirements of the work environment. This product is manufactured under strict quality standards.

ULTRALIGHT HARNESS

SAF-GE-ULT [300K4S & 300K4ML]

Cleaning

Hand wash with cold water and neutral soap, dry in the shade and keep away from the sunlight when storing.

Inspection

Make an inspection plan with qualified personnel. The products are subject to an inspection before and after each use. Check for damage, deterioration or malfunction of stitching, webbing, buckles, labels and "D" rings. A written or electronic record of each inspection should be filled and kept.
